Comments
Very kind, enthusiastic and patient – has often offered to stay behind during office hours to help students outside of the allotted time period.
Jialu is an excellent TF. Her section is very organized and helpful for understanding the course materials, and she has excellent teaching skills. She also gives extremely helpful comments on the final project during office hours, which greatly improved my project——My project wouldn't have gone this far without her help!
Thank you SO much Jialu! You are the star!
Jialu was a great section leader. Her Friday sections reflected a lot of work and effort that was helpful for solving key parts of the weekly assignments. Her feedback for the final projects made our project much more better than it was. It was great having such a brilliant person contributing to our learning.
